

MAERCKER SCHOOL DISTRICT 60

Preparing today's learners to excel in tomorrow's world.

Early Childhood Blended Preschool

Maercker District 60 offers an Early Childhood Blended Preschool program at Holmes School for residents of the district. The program serves students ages three through five within a positive, nurturing environment that fosters social, emotional, physical and cognitive growth and development. The curriculum is play-based and progressive, with a focus on pre-readiness in literacy and numeracy. The staff consists of a teacher who is licensed in early childhood, special education and English learning and a paraprofessional. In addition, specialists provide a host of enriching experiences for students, such as motor groups and language-development activities. The program includes a blend of fourteen students per session, including nine who are typically developing and up to five students with special education needs.

Program Details:

A five-day-per-week program which operates according to the District 60 calendar.

AM Session: 8:30 - 11:00 PM Session: 12:00-2:30

Early Release: AM: 8:30-10:20 PM: 12:00-1:50

Two ways to access the blended preschool:

1. Tuition students accepted through a lottery.
 - Selected students must be residents of the district.
 - Students must be between three and five years of age, and be toilet trained.
 - Tuition is \$350 per month. (September—May)
 - A limited number of reduced tuition spots are available to qualifying families.
 - Transportation is not provided for tuition-based students.
2. Placement of students who are already receiving special education services under an Individual Education Plan (IEP) will be determined by the IEP team.
